

# Maldon Community Hub

## Dear Hub Customer,

Our top priority is providing our community with the best possible support during these unprecedented and ever-changing times.

While the Maldon Community Hub is currently not running its normal activities, Moat Foundation and our partners will continue to offer essential local advice and support through phone contact, emails, Facebook and Facetime.

Please feel free to contact us directly if you have any questions or would like to share ideas on how we can help you further.

### Community Hub Support Line:

(Monday-Friday, 9am-5pm)

 Nicky: 07711 438 513

 moat.foundation@moat.co.uk

## Worried about paying your rent?

If you are a Moat resident and are worried about paying your rent or service charge, please let us know. We are here to help. You can contact our Customer Accounts team by emailing [customer@moat.co.uk](mailto:customer@moat.co.uk) and we will call you back when a member of the team is free. We will provide flexible support, on a case-by-case basis, through this period of uncertainty.

## Staying alert

We have seen many people offer a helping hand to members of their communities who are vulnerable, at risk or in need. Sadly, there are also people who are using this opportunity to carry out scams. If you are accessing support from a local, unofficial source, please keep the following in mind:

- Get help from trusted neighbours and friends wherever possible, or reputable local charities and churches if this isn't possible.
- Only give cash to those you know well and trust.
- Do not give your bank card and/or pin number to anybody.

## Maldon & District CVS

We have contributed to funding of the Maldon & District CVS community programme. They are working with local partners to provide food parcels, prescription collection, safe/well checks and social support calls for Maldon residents who are self-isolating or at risk.
